Cranes

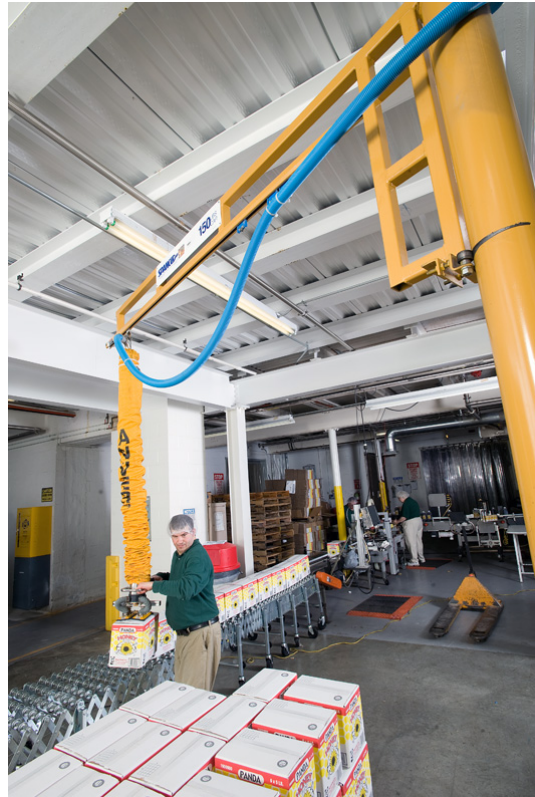

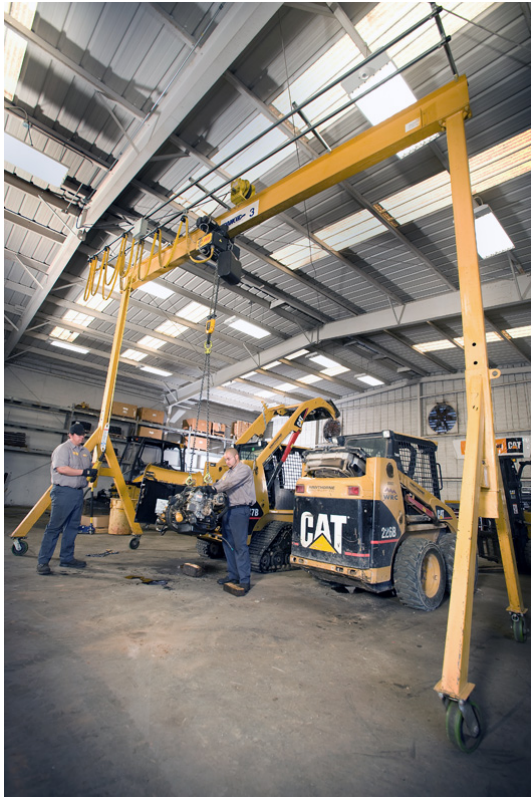

OVERHEAD CRANE SYSTEMS MADE TO OUTLAST YOUR SHOP

From small machine shops to giant steel mills, Indoff has access to cranes for every application to see improvements in:

- Safety and ergonomics
- Worker autonomy/personnel reduction
- Reduced workflow bottlenecks
- Increased productivity

Hundreds of pre-engineered cranes can be cost-effectively customized for unusual applications, including low ceilings, obstacles, and atypical capacities.

Contact your local Indoff Partner, Mark Snider, at mark.snider@indoff.com or (949) 429-7095 today to for answers to your product questions.
